Fellowships and Prizes in 2008

Each year no more than one-half of one percent of the current members of the Society are recognized by their peers for election to the status of Fellow in the American Physical Society. Seventeen of our DPF-nominated colleagues were selected for Fellowship in the APS in 2007. The names and citations can be found at:

For 2008 APS Fellowships the deadline of April 4, 2008 for nominations is fast approaching. Details can be found at:

If you miss the opportunity for an APS Fellowship nomination in 2008, the opportunity rolls around each year with a deadline early in April.

In addition to Fellowships, we recognize people who have made outstanding contributions to our field by awarding them DPF Prizes. The Prize Committees have been formed and will soon be reviewing nominations. We summarize here information about the various awards, and the nomination deadlines. Details can be found at:
